

Albury Wodonga Region Colonoscopy Recall

This does not apply to you if:

- You had another procedure performed or supervised by Dr Liu-Ming Schmidt that was not a colonoscopy
- Dr Schmidt performed or supervised a colonoscopy for you before 1 January 2018
- If you had a procedure from another surgeon in the Albury Wodonga region

Have you had a surgical procedure performed at Albury Wodonga Hospital, Albury Private or Insight Private Hospital (at The Gardens Medical Centre) since 1 January 2018?

YES

Was the surgical procedure performed at this health service during this time a colonoscopy performed or supervised by Dr Liu-Ming Schmidt?

YES

You will be contacted by our support team to assess your individual needs.
You can also call 1800 950 677 if you have immediate concerns.

Have you had another colonoscopy performed by another surgeon since then **and/or** have had an alternative diagnosis since that time?

NO

If further tests or treatment is required, a qualified clinical specialist will contact you to determine your health care needs and the priority for any follow-up care.

YES

It is unlikely you will need a follow-up colonoscopy, but you will still be contacted by a clinician to assess your individual health needs.

Patients classified as **urgent** will have an initial consultation with a clinician and a repeat colonoscopy within 30 days of their consultation.

All other patients will be classified as **non-urgent** and will receive follow-up treatment within 6 to 12 months.
